EXPENSE MANAGEMENT

STAFF CELLULAR PROGRAM

CANOE understands that many of their members have staff that own a personal phone line in addition to their work number. To utilize the benefit generated by the sizeable, aggregated account, CANOE is pleased to extend their Cellular Program to staff members.

Similar to the Aggregated Program, the Staff Plan starts by assessing the benefit of boarding through a cost-savings analysis. Once boarded, users will be provided with access to monthly invoicing and usage details just as they are now. Privacy will be maintained as call details and monthly charges are separated and reported individually.

Participants will also have access to a dedicated wireless service representative. Support staff are prepared to help all end-users with any device issue, billing concern, or hardware order. Centralized management of the account ensures that our representatives will be prepared to answer any questions you may have.

PRICING, FEATURES, AND DEVICES

The Staff Plan offers both a pay-per-use/Bring Your Own Device (BYOD) pricing plan and a subsidized device plan.
