

8760 CARD PAYMENT PROCESSING
REDUCING THE COST OF ACCEPTING
CREDIT AND DEBIT CARDS

EXPENSE MANAGEMENT

8760 Expense Management has worked with Alberta businesses for over 15 years to help manage their card payment processing expenses. Our customer-focused approach works to optimize, contain and reduce the cost of accepting credit and debit cards. We can likely help you too.

WE UNDERSTAND YOUR CHALLENGES

We know the difficulties you face in trying to manage your card payment processing costs. We have decades of experience in the industry so we know where the problems are and how to help you manage these issues.

EXPENSE MANAGEMENT

**MY STATEMENTS
ARE CONFUSING
AND I HAVE NO
IDEA WHAT I AM
TRULY PAYING!**

This is by design as processors want to keep customers in the dark **so they can maximize THEIR profit.**

8760 wants to help educate customers. We will explain how the industry works, identify where you are being overcharged and how we can help.

**MY COSTS
KEEP GOING UP
AND I AM NOT
SURE WHY!**

“**Rate creep**” is common in the industry as processors increase fees on a regular basis that go largely unnoticed by the merchant.

8760 believes in honesty and transparency. We provide customers with fair pricing and do not engage in price gouging or hidden fees.

**ARE ALL THESE
DIFFERENT FEES
I AM CHARGED
LEGITIMATE?**

Processors do often charge “**cash grab fees**” to increase THEIR profitability - it is difficult to know what fees are fair.

8760’s cost review will help identify where you are being overcharged and what fees are unfair or unreasonable. Our goal is to help you optimize your processing costs.

**I GET TIRED OF
CONSTANT CALLS
BY SALES PEOPLE
SAYING THEY
CAN HELP – WHO
DO I TRUST?**

Unfortunately, there are many **sales people out to take advantage of customers’ lack of industry knowledge.**

8760 prides itself on helping customers optimize their processing costs. We work with you to obtain a solution that works at a price that is fair for both parties.

WE CAN HELP BREAK THE CYCLE

At 8760, we truly work to help our clients succeed. In fact, our promise is **“We win when our customers win”** which means we conduct business differently. Our goal is to help you break the endless cycle of looking for fair and reasonable credit card pricing only to be disappointed that you trusted the wrong company and end up overpaying - yet again.
